ABOUT MEDICARE ADVANTAGE (MA) PLANS

MA plans are health care options (like a PPO or HMO) for the Medicare program. These programs are approved by Medicare and offered by private health insurance companies. In the case of the Trust-sponsored plan, the company offering the MA PPO plan is Aetna. Because these plans are approved by Medicare, they have all of the same benefits as Traditional Medicare, as well as additional benefits that can help improve health and wellness. In addition to the money you’ll save with lower deductibles and no monthly contribution, the plan offers enhanced coordination with Medicare including one Explanation of Benefits (EOB) and no separate Medicare Part B deductible to meet.

LEARN MORE ABOUT THE MEDICARE ADVANTAGE (MA) PLAN & AETNA

Making the best choice for your Medicare coverage is important. We want you to learn as much as you can so you can make the best choice for you and your family.

From August through October, Aetna will be hosting meetings and informational calls for you to learn more about the plan, Aetna’s network and everything else it has to offer. We encourage you to attend a meeting or call into the information sessions so you can be as informed as possible about your new plan. Be sure to watch your mail and open all materials with the Trust and Aetna’s logo.

GETTING THE HEALTH CARE COVERAGE YOU NEED

Having a doctor you’re comfortable with is key to your health and wellness. With the Aetna MA PPO plan, you can use any provider who is a part of the Aetna network.

To find out if your doctor participates in the plan, just call Aetna at 855-406-4062 or go online at uawtrust.aetnamedicare.com. Customer service representatives can also help you find new doctors or specialists in your area who participate in the network, if necessary.

You want the flexibility to select a doctor in your area who focuses on your specific needs. When you use an Aetna network provider,
you will pay the least out-of-pocket for your covered services. However, you also can go to any provider outside of the network who accepts Medicare, but you may have to pay more.

WHAT IF THE PLAN DOESN’T MEET MY NEEDS?
Health care is a personal decision. And, although the MA PPO plan is a great plan, it may not meet your personal needs. Most importantly, you’ll want to find out if your doctor and other providers participate in the network. If they don’t, you may want to choose a different plan.

To opt-out of the new plan and remain with the Traditional Care Network (TCN) plan, simply call Retiree Healthcare Connect (RHCC) at 866-637-7555 between August 1 and November 30, 2017. During this time, RHCC will have extended hours from 8 a.m. – 8 p.m., Eastern Time, Monday through Friday.

FREQUENTLY ASKED QUESTIONS

TRANSITIONING TO MEDICARE ADVANTAGE (MA)

What are MA plans?

MA plans are health plan options, like PPOs or HMOs, approved by Medicare and administered by private health insurance companies. MA plans are required to provide all of your Medicare Part A and Part B benefits. They may also offer a variety of other benefits and services.

What is changing?

Effective January 1, 2018, Trust Medicare members will be automatically enrolled into a Trust-sponsored MA PPO plan unless you choose to remain in your current coverage by contacting Retiree Health Care Connect (RHCC) as described in this informational package. This means that the MA PPO plan will become the primary plan for Medicare members.

Why is the Trust automatically enrolling all current Medicare members and future Medicare members into MA plans?

Several years ago, the Trust introduced MA PPO plans to Medicare members. Since then, MA plans have become a popular and cost-effective choice for Trust Medicare members. More than 185,000 Trust members have joined an MA plan - with a satisfaction rate of 96 percent. Because of this, the Trust is expanding the MA PPO plan nationwide and making it the primary plan for Medicare members.
members beginning January 1, 2018. This means that if you are currently not enrolled in an MA plan (either PPO or HMO), you will be automatically enrolled in the Aetna MA PPO plan unless you contact RHCC to remain in your current plan.* Anyone who becomes Medicare eligible, due to age or disability, also will be enrolled into the Aetna MA PPO plan on January 1 following the year of their Medicare eligibility, subject to the same right to choose other options as described in this packet.

The Trust will automatically enroll members into the Aetna MA PPO plan on January 1, 2018. No action will be required from the member to join the Aetna MA PPO plan.

**What are the advantages from a cost and benefit perspective for me?**

Medicare Advantage (MA) plans overall are less expensive plans for the Trust. Because of this, we are able to pass the savings along to our members. For example, MA PPO plan members have a $0 monthly contribution, as well as lower deductibles and out-of-pocket maximums compared to the Traditional Care Network plan. Overall, Trust members can save up to $374 per Medicare member, per year on the lower monthly contribution and out-of-pocket maximum costs.

The MA PPO plan provides all your Traditional Medicare benefits plus additional benefits, such as programs to help you manage chronic health conditions and discounted fitness and gym memberships.

* Excludes Protected status members
What can I expect over the next couple of months?

You will receive more information, including an informational kit from Aetna, as well as invitations to face-to-face meetings or pre-recorded conference calls, where your questions about the MA plan can be answered. The packet, which will be marked with a Trust logo, will contain materials for the MA PPO plan. It will provide details on the plan to help make this transition easier. We encourage you to attend a meeting or conference call to learn more about the plan.

What if I don’t want to enroll in the Medicare Advantage (MA) plan?

If after consideration of your new health care options, you find that MA PPO plan does not meet your personal needs, you will have the opportunity to choose to stay in the Traditional Care Network (TCN) plan or any other health plan option available in your area. In order to do this, you can simply call RHCC at 866-637-7555 between August 1 and November 30, 2017, to remain in your current plan or choose another available plan in your area.

Is the Trust eliminating the Traditional Care Network (TCN) plan?

No. The Trust is not eliminating the TCN plan and it remains an option for all members. If after consideration of your option, you prefer to remain enrolled in the TCN or other plan option in your area, simply contact RHCC to make the change.
ABOUT MEDICARE ADVANTAGE (MA) PLANS

Do I need to be enrolled in Medicare Parts A and B to be enrolled in the MA PPO plan?

Yes. Under Medicare rules, you must be enrolled in both Medicare Parts A and B.

Do I still need to pay my Medicare Part B premium?

Yes. Under Medicare rules, you must continue to pay your Part B premium to participate in the MA PPO plan option. If you are already enrolled in Medicare Part B, these premiums are generally deducted from your monthly Social Security check.

How is the MA PPO plan different from Medicare coverage through my current plan?

Because these plans are approved by Medicare, they have all of the same benefits as Traditional Medicare, as well as additional benefits and services that can help improve your overall health and wellness. In addition to the money you’ll save with lower deductibles and no monthly contribution, the MA plan offers you enhanced coordination with Medicare including one ID card for medical services, one Explanation of Benefits (EOB) and no separate Medicare Part B deductible to meet. You also have access to wellness benefits including the SilverSneakers program.
ABOUT THE MEDICARE ADVANTAGE (MA) PPO PLAN CARRIER - AETNA

Who is Aetna?

Aetna is a health plan that has been in business for more than 150 years and has offered Medicare plans for more than 40 years. Aetna has been providing coverage for Trust members since 2012.

Why was Aetna chosen as the carrier for the MA plan in my state?

For the past five years, Aetna has been a health plan option for Trust Medicare members in multiple states. The Trust considered many health plan options for this expansion. We found that Aetna demonstrated a good balance of quality, network scope and cost in your area.

What is the difference between the MA PPO plan and the Traditional Care Network (TCN) plan?

Each plan uses a different provider network. Both plans offer comprehensive medical coverage and cover more than what Traditional Medicare pays. TCN supplements your Traditional Medicare coverage while the MA PPO plan packages all of your Traditional Medicare and extra benefits into one plan.
ABOUT AETNA’S PROVIDER NETWORK

Do I have to switch doctors or providers?

The Aetna MA PPO plan has a contracted network of doctors and other providers that participate in the plan. In selecting Aetna, we reviewed their provider networks and believe that they are comprehensive. You will want to make sure that the doctors that you are currently using participate in Aetna.

You can continue to use the doctors and other providers you use today (even if they do not participate in Aetna’s network), as long as they accept Medicare. But if your doctor does not accept the Aetna MA PPO plan, you may have to pay more out-of-pocket for covered services. **You pay the smallest out-of-pocket costs when you utilize health care providers who participate in the network.**

How do I confirm whether my doctor or provider accepts the Aetna Medicare Advantage (MA) PPO plan?

It’s a good idea to confirm that your doctor and other providers accept the Aetna MA PPO plan. Finding out if your provider is in Aetna’s MA network is easy! You can do this by:

- Calling **Aetna’s Member Services at 855-406-4062 (TTY: 711)**, Monday to Friday, 8 a.m. to 6 p.m., local time; or,

- Asking your doctor; or

- Going to **uawtrust.aetnamedicare.com**. Click on “IS YOUR DOCTOR COVERED IN OUR NETWORK?” and select
“DOCFIND DIRECTORY.” Then you’ll enter your state, and a list of plans will appear. Under “AETNA MEDICARE PLANS – GROUP,” click on “AETNA MEDICARE PLAN – PPO.” Then, search for your provider by name, location, or specialty.

If your doctor does not accept the Aetna MA PPO plan, you may be subject to higher out-of-pocket costs. In this case, Aetna can work with you to select a new doctor or provider or you may decide to select another plan option available to you. RHCC can advise you as to other plan options that are available in your area.

For non-urgent services, you may pay more for covered services if the provider is not part of the Aetna network. Be sure to show your Aetna MA PPO ID card when you visit a doctor or hospital. You can always call the phone number on the back of your medical ID card to find a participating provider while traveling.

Am I covered if I travel outside of the U.S.?
